### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Stephanie Seidman on March 23, 2004.

3. The application has been amended as follows:

A) Claim 69 has been cancelled without prejudice.

4. The following is an examiner's statement of reasons for allowance.

The claims have been amended to require a range for a cell separation medium with a density of 1.060-1.065. A declaration has also been filed by Michael W. Dahm. In view of the amendments to the claims and the declaration the claims have been placed in condition for allowance.

The Declaration has provided evidence that a cell separation medium of at least 1.060 g/ml is necessary for preventing significant loss of tumor cells. The declaration also teaches that a cell separation medium density of 1.065 g/ml or less prevents contamination of the enriched tumor cell fraction with telomerase-positive non-tumor cells from a body fluid. Thus, the declaration provides an unexpected result for the

separation range of 1.060-1.065 which ensures quantification of tumor cells rather than non tumor cells or telomerase positive non tumor cells.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to examiner Jeanine Goldberg whose telephone number is (571) 272-0743. The examiner can normally be reached Monday-Friday from 8:00 a.m. to 4:00 p.m.
